Continuation of Attachment(s) 6). Other: Notice of Non-responsive Amendment.

Notice of Non-Responsive Amendment

1. The amendment filed on 7/18/02 amends all pending claims to read on a non-elected invention and thus is non-responsive (MPEP § 821.03). The amended claims are not readable on the elected invention because they recite limitations such as a first and second gap so that the claims are now directed towards a combination. This application is a divisional of 09/144662 in which a restriction requirement was made between various combinations and subcombinations. The claims as originally presented in this application were directed towards a subcombination as defined in the original restriction and this application is therefore limited to claiming only the invention originally presented. The claims as amended are thus considered withdrawn from consideration as being directed towards a non-elected invention.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
